If you must have a puppy in a certain time frame, it is probably best not to place a deposit. Puppies are to be “picked/ visited ” during the week of week six (6) after their first shot, on the set pick date or via facetime, photos, and videos. Puppies are welcome to stay past the eight (8) week mark, however, at the end of eight (8) weeks there will be a daily charge of thirteen dollars (\$13.00) to keep the puppy here as well as a charge at ten (10) weeks of age for the final vaccine and heart worm medication. If in an unfortunate event that you pick a puppy, and it dies or breeder decides to retain that puppy, you have the option to pick another puppy that is unspoken for or move to a future litter. Colored Male and females have their own ordered pick list.
